

## **School Has Begun at Todee Mission**

*Dick Szymanski, I&S Committee Moderator*

School is in session at Todee Mission.

The girls' dorm has begun the second half of the renovations required. A building housing a second classroom is being completed and will accommodate additional classrooms, living quarters for teachers, and the principal's office.

The Todee Mission August 16<sup>th</sup> Gala Benefit and Silent Auction generated \$5,520. The Mission Committee appreciates all the donations and support given toward this effort!

We are in process of putting another container shipment together to send over to Liberia and will keep you posted on our progress.

We want to announce that an anonymous donor has come forward to with a matching-fund proposal for Todee Mission. For every dollar donated from September 1 through December 1, 2008, funds will be matched up to \$5,000—this gives us an opportunity to raise \$10,000 for Todee Mission during this time!

A Todee Mission brochure is available which explains how to sponsor students and teachers and support medical assistance for the villagers in the Todee district.

Please continue to pray for this ministry.
